

REMARKS

In response to the Notice to File Corrected Application Papers mailed on August 20, 2007, replacement drawings in six sheets are submitted to replace the color drawings previously filed. Further, color references in the specification at paragraphs [0104] and [0105] have also been removed.

CONCLUSION

It is believed that no new matter has been added by the replacement drawings or the amendments to the specification. These amendments are being filed after the payment of the issue fee and it is believed that the above amendments are limited to the informalities identified in the Notice to File Corrected Application Papers but that all outstanding requirements have been satisfied.

In the event the U.S. Patent and Trademark office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to ***Deposit Account No. 03-1952*** referencing docket no. **529872000112**. However, the Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.
